

Working in Finland

15 Support workers and care assistants

Would you like to do meaningful work and build a career in Finland, the happiest country in the world? Now you have an unique opportunity to do so because Savas Foundation is looking for 15 support workers and care assistants for learning and developmental disability work for permanent employment!

As wellbeing of our employees is one of our key values, we offer you a full relocation package that prepares you for working and living in Finland. The package includes language training in the country of origin, relocation services and training. This recruitment is carried out in cooperation with EURES, ELY (Centre for Economic Development) and the cities involved.

About the company and the area

Savas Foundation is one of the largest support providers of services for people in need of support in the Savo region. We provide services mainly for people with learning disabilities and people on the autism spectrum, as well as people undergoing mental health rehabilitation.

About 350 social and health professionals work in Savas Foundation. The employees are trained as family nurses, support workers, nurses and care assistants. Our care homes and activity centers are located in Eastern Finland. We have open vacancies in North Savo area (Kuopio, Iisalmi, Varkaus and Kiuruvesi) and in South Savo (Pieksämäki, Mikkeli, Mäntyharju and Savonlinna). The area has some of Finland's friendliest people, purest lakeside nature and the clearest air in the world! We have a safe and natural place to live for you and your family. Also costs of living are affordable compared to, for example, southern parts of Finland. Everything is close to you; hobbies, schools, shops, child care etc. Check more information about your new home town at the end of this job ad.

Our values and details about the job

Savas Foundation's care homes are safe and comfortable communities where each client has their own private apartment. The person has the right and the opportunity to influence community relations and activities. In most cases, the client has the opportunity to receive round-the-clock support. The employees take care of the clients' everyday life at different stages of life.

The work includes, among other things:

- helping the client in his daily activities
- basic care
- supporting participation, inclusion and communication
- household chores
- taking care of meals
- support in clients' activities and medical treatment

We take care of the individual needs of each of our client, with our goal being a normal, smooth everyday life. At Savas, we have a common goal: a happy and personal life for our clients, which also gives meaning to work.

Clients' daily activities are carried out in the foundation's care homes and also the activity centers. It strengthens the skills that people with learning disabilities need to cope with the activities of everyday life as independently as possible and promote social interaction and inclusion in society. Our central values are the person's right to self-determination and participation.
