

¿Eres profesional de la Salud?

¿Te gustaría trabajar en Suecia?

Prepara tu CV en inglés y contacta con el [Health Recruitment Team](#) de EURES Suecia

Sweden has a shortage of health specialists (Doctors, Nurses, Dentists and Physiotherapists). We are now addressing you who are looking for a new career!

We are part of the Swedish Public Employment Service and are cooperating with Public Health Services all over Sweden.

You will be directly employed without any intermediary and the employers will assist you with the relocation process.

Requirements:

To be considered as an interesting candidate you will have to meet the following requirements:

- Good English communication skills
- Highly motivated to learn Swedish
- Registered health specialist within the EU/EEA.

If you are not a health specialist within the EU/EEA you need to have a university degree recognised for practising as a health specialist in one of the EU/EEA Member States and three years experience within EU/EEA.
